

PRESS RELEASE

Ballingslöv International acquires Macro International

Ballingslöv International AB acquires all shares in Macro International AB as per October 7, 2011.

Macro is one of the leading manufacturers within shower systems in Sweden and Norway with both head quarters and factory in Laholm.

In 2010 Macro International AB had a turnover of approximately MSEK 110 and employs about 60 people.

Macros catchwords are high quality, easy assembly, good service and trendy design with best features, which agrees well with the business concept of Ballingslöv International: **We create exciting home environments for everyone!**

"We continue to develop the Group and expand the offer within kitchen, bathroom and storage" says Anders Wassberg, CEO of Ballingslöv International. He continues; "the acquisition of Macro is yet another step into the bath and plumbing sector".
